### Our Vision

The University of Cincinnati Voice Consortium (UCVC) will be internationally recognized as a Center of Excellence in voice for the purpose of benefiting the clinicians, educators, researchers, and students... but most of all, those we serve.

### Our Mission Statement

The University of Cincinnati Voice Consortium (UCVC) is an integrated multidisciplinary Center of Excellence for voice disorders, voice performance, voice education, and voice science. UCVC provides clinical care, public awareness, education and training, and research.
